SYNOPSIS

Alpenhotels presents twenty-nine unique mountain hotels in six European countries. These establishments were all tested personally by the author and photographer. They are not only situated in fantastic locations; they also have stylish interiors and top-notch cooking. Eating fondue in your own igloo and then hopping into the sauna? At ***Scuol*** that's not a problem. Travelling with kith and kin? ***Haus Hirt*** in Bad Gastein has everything you need for you and your children. Or do you simply wish to get away and relax? ***Nebesa*** in the Slovenian town of Kobarid puts you right up against Triglav National Park. And ***Therme Vals*** will serve you up with a full treatment in a spa designed by star architect Peter Zumthor.
