The pug is more than just a fashion accessory and star of many a hairdressing salon; they also make good household pets and family dogs, which is why they are to be found in more and more living rooms these days. Its huge fan base, along with its comical figure and heart-melting gaze, predestines its starring role in a gift book. This book provides a selection of the 60 best photos from the highly successful picture book *Living with Pugs*, coupled with appropriate quotes, sayings and poems. This is the perfect present for every pug fan!
